

My name is Jeannie Wynne and I am proud to serve as your Principal. B. C. Haynie Elementary School is located in the heart of Clayton County in Morrow, Georgia. On behalf of my assistant principal, teachers and support professionals, I would like to take this opportunity to welcome you to B. C. Haynie. As we embark upon another phenomenal school year; I realize that this is an exciting time, one of growth, exploration and discovery. It is my hope that you will embrace this amazing season and know that you are “truly” welcomed. I encourage everyone from students, teachers, parents, central office leaders and community members to get involved. Haynie has a long history of building quality relationships and striving to meet the academic, cultural, and social needs of all students. We operate an academic environment with a focus on rigor and high expectations. Our goal is to educate our students by providing a variety of instructional strategies, assessing students frequently, and making adjustments to our instructional plans based on the results of the assessments. In addition to our academic goals, we also have behavioral goals and expectations. In all of our standards-based classrooms, one will see teachers and students actively involved in the lessons, word walls with current vocabulary, the essential question and standards posted, an instructional bulletin board that reflects current standards, student work posted-with meaningful commentary, and much more!

At Haynie, we have high expectations for our students and we will lead by example. Together (students, parents, school), we will continue to produce students who excel in academics, sports, and fine arts. We will continue to set standards to reach even higher goals.

As the Principal, I assure you that BCH is, and will continue to be, a thriving learning community that fosters sound classroom instruction and high expectations for student success. What are my expectations? I expect all students to work hard every day, demonstrate excellent behaviors and strive to reach their maximum potential.

Again, let me personally welcome you to B. C. Haynie and I thank you in advance for your continued support.

Go Hornets,
Jeannie Wynne
Principal

“The greatest gift we can give to a child is to educate them.”
